

## Kailash Mansarovar Yatra On Full Moon September 2027

The Kailash Mansarovar Yatra is a sacred pilgrimage that draws devotees and spiritual seekers from around the world, primarily from the Hindu, Buddhist, Jain, and Bon faiths. The journey involves traveling to Mount Kailash and Lake Mansarovar, both of which are located in the remote and majestic landscapes of southwestern Tibet.

For Hindus, the Kailash Mansarovar Yatra is one of the most revered and spiritually profound pilgrimages. It is a divine journey to Mount Kailash (6,638 meters / 21,778 feet), considered the sacred abode of Lord Shiva and Goddess Parvati. Nearby lies the serene Lake Mansarovar (4,590 meters / 15,060 feet), believed to have been created in the mind of Lord Brahma and thus named "Mansarovar" (Manas – Mind; Sarovar – lake).

According to ancient Hindu scriptures, Mount Kailash is the cosmic axis—the center of the universe (axis mundi)—where the heavens meet the earth. It is surrounded by layers of mythological and spiritual symbolism that transcend time, culture, and geography. Completing a circumambulation (parikrama) of Mount Kailash is believed to cleanse one of sins and lead to spiritual liberation (moksha).

**Please note:** China's visa-free policy is subject to change. We recommend confirming your eligibility with us before booking your trip.

## 2. Citizens of Countries That Require a Chinese Visa

If your nationality **requires a Chinese Group Visa**, you **must arrive in Kathmandu at least 3 working days before your scheduled departure date**. Your **Chinese Group Visa** will be processed through the Chinese Embassy in Kathmandu after your arrival.

### Travelers Holding a Valid Chinese L (Tourist) Visa

If you already hold a **valid Chinese L-category (Tourist) Visa** issued by the Chinese Embassy or Consulate in your **country of residence**, you **do not need to arrive three working days earlier**.

You may simply join our **standard 14-day Kailash Mansarovar Yatra itinerary** and arrive in Kathmandu on the official departure date.

Please send us a copy of your Chinese visa before booking so we can verify that it is suitable for travel to Tibet.

### 3. Indian Passport Holders

Due to specific bilateral regulations regarding Mount Kailash pilgrimages, visa and permit processing for Indian nationals is handled through New Delhi rather than Kathmandu.

- **Standard Process:** We will apply for your Chinese visa at the Chinese Embassy in New Delhi. You must send your original passport to our New Delhi office **15 days before** your departure date. We will contact you in advance to confirm the exact timeline once we verify the real-time Tibet Tourism Bureau (TTB) permit situation.
- **Non-Resident Indians (NRIs):** If you are an Indian passport holder living abroad and you obtain an individual L-category Chinese visa from your current country of residence, you bypass the New Delhi passport requirement. You can follow the standard 14-day itinerary and arrive in Kathmandu on the scheduled departure date.

#### Important Note

Visa policies, Tibet Travel Permit requirements, and Chinese immigration regulations may change without prior notice. We strongly recommend contacting **Namaste Nepal Trekking & Research Hub** before booking so we can advise you on the latest requirements based on your passport nationality and current country of residence.
